

Goodnight Beautiful World

Goodnight, Goodnight, oh beautiful world
It sure was the greatest of rides
It's not your diamonds or your pearls
That make it so hard to say goodbye

Arriving in the ides of fall
I loved you the moment we met
Your beauty on me never lost
And I haven't seen the half of it yet

You're hanging in longer
Than some thought you would
And no one could say you didn't try
May tomorrow this love, oh be enough
Goodnight beautiful world...Goodnight

I fear we've made a mess of things
I don't know how we lost our way
With all your endless miracles
I hold hope that they will hold sway

You never give up
You never give in
Thick and thin you've been in for the fight
May tomorrow this love, oh be enough
Goodnight beautiful world...

*I'm sorry that we've been so cruel to you
For our selfish ways
So badly behaved and you
Still soldier on
After all you've been through
My beautiful beautiful world*

I look out o'er your stormy sea
The wind blowing hard down the coast
It's wild and mighty majesty
Has always stirred my heart the most

I want to thank you
For all that you've done
You are always the one on our side

**May tomorrow this love, oh be enough
Goodnight beautiful world
Goodnight
Goodnight**
